

December 8, 2014

This issue contains guidance documents relevant to current public health events and information from **December 1 – December 8**.

**COCA Updates** are disseminated biweekly. More frequent distributions may occur when there is emergency information or an event-specific update to share. The next COCA Update is scheduled for **December 15**.

For questions about these or other clinical issues, please write to us at [coca@cdc.gov](mailto:coca@cdc.gov).

## **COCA News and Announcements**

### **Upcoming COCA Calls:**

#### **EMS and Ebola: Field Experience with Transporting Patients**

**Date:** Monday, December 15, 2014

**Time:** 2:00 - 3:00 pm (EDT)

**Dial In Number:** 888-972-6898 (U.S. Callers); 630-395-0194 (International Callers)

**Passcode:** 5076538

Healthcare systems across the United States are actively preparing to treat patients with Ebola. Emergency Medical Services (EMS) play an important role in the identification, assessment, and transportation of suspected or confirmed patients with Ebola. As designated treatment facilities, Emory University Hospital and the University of Nebraska Medical Center have received patients with confirmed Ebola. During this COCA Call, clinicians will learn about the field experiences of EMS personnel in the two jurisdictions and discuss unique planning considerations for EMS.

[emergency.cdc.gov/coca/calls/2014/callinfo\\_121514.asp](http://emergency.cdc.gov/coca/calls/2014/callinfo_121514.asp)

#### **HIV Care Continuum: Keeping the Spotlight on Screening, Prevention, and Treatment**

**Date:** Thursday, December 18, 2014

**Time:** 2:00 - 3:00 pm (EDT)

**Dial In Number:** 800-621-8495 (U.S. Callers); 517-308-9286 (International Callers)

**Passcode:** 1941601

Viral suppression is the goal of HIV medical care. Yet, in 2011, only 40% of people living with HIV received HIV medical care and only 30% achieved viral suppression. Many persons living with HIV are not in medical care or are undiagnosed. When patients with HIV are in medical care, they are more likely to be prescribed antiretroviral medications, achieve viral suppression, and have a normal lifespan. Clinicians play a critical role in helping their patients move through the HIV care continuum by influencing the likelihood of patients engaging in medical care. During this COCA Webinar, clinicians will learn about current strategies to engage patients in HIV testing, counseling and medical care.

### **Recent COCA Calls:**

**Caring for Patients with Ebola in U.S. Hospitals: A Nursing Perspective**

**Date:** Monday, November 24, 2014

[emergency.cdc.gov/coca/calls/2014/callinfo\\_112414.asp](http://emergency.cdc.gov/coca/calls/2014/callinfo_112414.asp)

Archived COCA conference calls are available at [emergency.cdc.gov/coca/calls/index.asp](http://emergency.cdc.gov/coca/calls/index.asp).

Free continuing education credits (CME, CNE, ACPE, CEU, CECH, and AAVSB/RACE) are available for most calls. For more information about free CE, visit [emergency.cdc.gov/coca/continuingeducation.asp](http://emergency.cdc.gov/coca/continuingeducation.asp)

## **CDC Emergency Response – CDC Response to 2014 Ebola in the United States and West Africa**

**NEW:** 21-Day Investigation of Ebola Patient's Direct Contacts in Guinea

## Infectious, Vector-Borne, and Zoonotic Diseases

### Seasonal Influenza

#### What You Should Know for the 2014-2015 Influenza Season

<http://www.cdc.gov/flu/about/season/flu-season-2014-2015.htm>

#### Information for Health Professionals

<http://www.cdc.gov/flu/professionals/index.htm>

### **Weekly Flu View – November 26 (CDC)**

Flu View is a weekly influenza surveillance report prepared by CDC's Influenza Division. All data are preliminary and may change as CDC receives more reports.

[www.cdc.gov/flu/weekly/](http://www.cdc.gov/flu/weekly/)

### **Planning and Preparedness: Health Professionals and Seasonal Flu – (HHS)**

Healthcare providers play an important role during flu season. The following guidance and information will assist healthcare providers and service organizations to plan and respond to seasonal flu.

[www.flu.gov/planning-preparedness/hospital/index.html](http://www.flu.gov/planning-preparedness/hospital/index.html)

## **Travel Safety**

### **Current Travel Warnings – December 4 (U.S. Department of State)**

The U.S. Department of State issues Travel Warnings when long-term, protracted conditions make a country dangerous or unstable. Travel Warnings recommend that Americans avoid or carefully consider the risk of travel to that country. The State Department also issues Travel Warnings when the U.S. government's ability to assist American citizens is constrained due to the closure of an embassy or consulate or because of a drawdown of State Department staff.

[travel.state.gov/content/passports/english/alertswarnings.html](http://travel.state.gov/content/passports/english/alertswarnings.html)

## **Food, Drug, and Device Safety**

### **MedWatch: The FDA Safety Information and Adverse Event Reporting Program – (FDA)**

MedWatch is your Food and Drug Administration (FDA) gateway for clinically important safety information and reporting serious problems with human medical products.

[www.fda.gov/Safety/MedWatch/default.htm](http://www.fda.gov/Safety/MedWatch/default.htm)

### **FoodSafety.gov: Reports of FDA and USDA Food Recalls, Alerts, Reporting, and Resources – (HHS/USDA/FDA/CDC/NIH)**

Foodsafety.gov lists notices of recalls and alerts from both FDA and the U.S. Department of Agriculture. Visitors to the site can report a problem or make inquiries.
